4) A Thorolb. On leaving Philadelphia, I mitered the rail road cars for Harrisburg, the west of Government of Pennsylvania. In the first place, their binnibus gear was in a pour state. You will understand that it was a partiol the bargain that the proprietors of the line should carry se from the hotel in Philadelphia, gratis, to the rail road depot on the outskirts of the city. On our way to the depot, the harness gave way some two or three times, which occasioned much delay and came next losing us nur passage on that day. Arriving at the depot, we found several cars filled, and another, a splendid one, was rolled out as we supposed for our accommodetion, and accordingly began to take our ceat- in it. In their specious fields, we saw none of these stumps which for years disfigure your fields, and which Capt.
